

3 ECTS PhD-school: Dark Matter; Distribution, origin, detection and production

Contribution ID: 16

Type: **not specified**

Cosmology, Astronomy and Dark Matter 5

Friday, 30 September 2016 09:00 (1 hour)

- Beyond LCDM. Self-interacting and warm dark matter; alternative gravity models.
- Future probes of dark matter: Gravitational lensing; stellar stream bumps.

Presenter: Prof. READ, Justin (Surrey)
