

COST Advanced School on Physics of Dark Matter and Hidden Sectors: from Theory to Experiment

Monday 18 October 2021

Extended discussion & tutorials: Collider searches for Dark Matter; led by Monica D'Onofrio and Rebeca Gonzalez Suarez

- K308 Teorilabbet (17:30-18:15)

Tuesday 19 October 2021

Extended discussion & tutorials: Towards the Consistent Dark Matter exploration; led by Alexander Belyaev - K308

Teorilabbet (16:15-17:00)

Wednesday 20 October 2021

Extended discussion & tutorials: Tutorial on Machine Learning by Felipe Freitas - K308 Teorilabbet (09:30-10:15)

Extended discussion & tutorials: Black holes, bosonic stars and ultralight Dark Matter; led by Carlos Herdeiro and Antonio Morais - K308 Teorilabbet (17:30-18:15)

Thursday 21 October 2021

Extended discussion & tutorials: Machine Learning methods for high energy physics; led by Felipe Freitas - K308

Teorilabbet (16:15-17:00)
