## Job description in ARC7

*Thursday, 5 May 2022 09:50 (1 hour)*

ARC 7, being a major release, allows us to make non-backward compatible changes.

Therefore this is our time window to make any minor/major non-compatible changes in the job description area, let it be modifying some parameters in XRSL or even proposing to drop some supported job description format or introduce a complete new thing

**Session Classification:** Day 2a

**Track Classification:** ARC7
